- Power pack generator installed to ensure uninterrupted Power supply.
- 18 well - equipped Welding booth with well equipped welding accessories.
- With the availability of area we can test up to 60 welders a day and about 200 candidates across all categories.
- Elite cabins and conference room for client's with high - speed Internet connectivity, fax, phone etc.

MECHANICAL TRADES

- MACHINIST (TURNER/MILLER/GRINDER)
- TOOL & DIE MAKER
- INDUSTRIAL MAINTENANCE
- SAND BLASTER & INDUSTRIAL AIRLESS
- BENCH FITTER
- DIESEL MECHANIC & PETROL MECHANIC
- RIGGER
- DIESEL MECHANIC
- PETROL MECHANIC
- HYDRAULIC MECHANIC
- SCAFFOLDER

Electrician Test

FINISHING TRADES

- ALUMINIUM FABRICATOR
- FINISHING CARPENTER
- FURNITURE CARPENTER
- GLASS FIXER & CUTTER
- PAINTER (BRUSH/ROLLER & SPRAY)
- FURNITURE POLISHER
- SOFA & CAR SEAT MAKER
- UPHOLSTERY & CURTAIN MAKER
- SPRAY PAINTER (AUTO)

Scaffolding Test

GENERAL TRADES

- COOK (VEGETARIAN & NON – VEGETARIAN)
- SECURITY GUARD
- LIGHT DRIVER
- HEAVY DRIVER
- FORK LIFT OPERATOR
- CRANE OPERATOR

Furniture Carpenter Test

GENERAL TRADES

- EXCAVATOR OPERATOR
- BACKHOE LOADERS OPERATOR
- TRAILER DRIVER
- SHAWL OPERATOR
- FIRE ALARM/SECURITY TECHNICIAN
- TELEPHONE TECHNICIAN
- ELECTRONIC TECHNICIAN (AUDIO&VIDEO)
- LIFT TECHNICIAN

Transcend Welding Testing Lab

WELDING TRADES

- GAS CUTTER
- PIPE FITTER
- PIPE FABRICATOR
- STRUCTURAL FABRICATOR
- STEEL FABRICATOR
- ARC WELDER
- GAS WELDER (BRASS & COPPER)
- 3G WELDER (300X150X12mm)
- 4G WELDER (300X150X12mm)
- MIG WELDER
- ARC (C.S)
- FULL TIG (S.S, C.S)
- TIG / ARC (S.S, C.S)

Welding Trade Test

TIG Welding Test

Specialized Welding Test

CIVIL CONSTRUCTION TRADES

- SURVEYOR (LAND/ROAD)
- MASON (BRICK LAYING/PLASTERING)
- MASON (TILES LAYING & MARBLE LAYING)
- SHUTTERING CARPENTER
- PLUMBER
- R.C.C.FITTER/STEEL FIXER
- CONSTRUCTION HELPER/LABOUR

Transcend Institute

ELECTRICAL TRADES

- DOMESTIC ELECTRICIAN
- INDUSTRIAL ELECTRICIAN
- APPLIANCE REPAIR TECHNICIAN
- MOTOR/REWINDING TECHNICIAN
- CABLE JOINER & TERMINATOR
- ALL ROUND MAINTENANCE TECHNICIAN
- LINE MAN
- TOWER LINE FITTER
- AUTO ELECTRICIAN

Manson Test

MECHANICAL TRADES

- A/C TECHNICIAN (WINDOW & SPLIT)
- A/C TECHNICIAN (CENTRAL PLANT)
- A/C DUCT FABRICATOR (BOARD & SHEET)
- A/C DUCT INSULATOR (DUCT/PIPE)
- A/C DUCT ERECTOR
- ALL ROUND MAINTENANCE TECHNICIAN
- GENERAL MECHANICAL TECHNICIAN

R.C.C Fitter/Steel Fixer Test

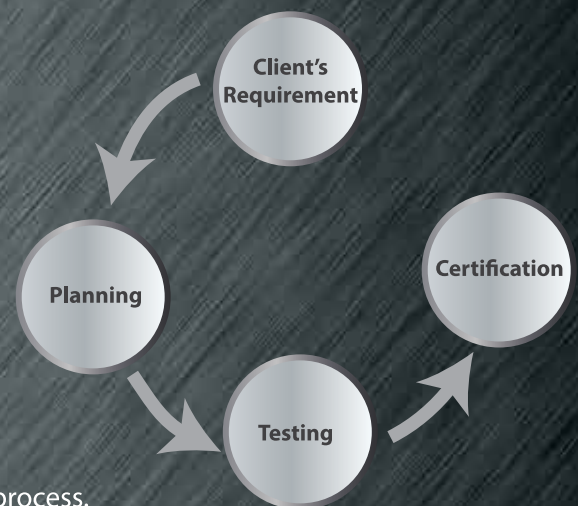

TESTING PROCESS

We have a standardized testing process which begins with a client request which states the following:

- Trade test categories and list of candidates to be tested in each category.
- Test details - theoretical & practical based on the client's requirement.
- Interview Arrangement required such as Equipments, Interview rooms, Consumable resources & Safety gear etc.
- Quality Assessment procedure of the client.

Planning is mapping out the client's requirement and generating resources to meet their needs:

- To prepare quotation for the list of consumable materials to be used during the test (materials required for testing such as welding electrodes, grinding wheels, etc.).
- Prepare conference and interview room for the interview.
- Housekeeping is done and the required equipment's maintenance services are reviewed for the working condition.
- Safety gear for the trades test are prepared.
- Tooling such as pipes, plates, etc are procured in excess in case of welding test.
- Power pack Generator is installed to ensure uninterrupted Power supply.
- Availability of in - house engineers, supervisors, and administration staff to manage the testing & recruitment process.

On the day of testing, the client is given an opportunity to review the arrangements made, before the test is conducted. Assessment sheets are provided to the client for oral and practical testing which facilitates a complete testing process. We constitute a team of personnels comprising of:

- In - house engineers, supervisors support staff to manage the testing processes at the center.
- Administrative staff to manage registration and other related works.
- Quality Assessment crew such as NDT staff to lever the quality testing process for all Radiography, film processing and interpretation tasks.

FACILITIES

- We provide communication devices like E - mail, Faxes, STD, ISD & Video Conferencing Facilities inhouse.
- Our Business Center provides Beverages & Refreshments to Our Clients round the clock along with Prayer Room.
- Well Equipped CCTV cameras are installed in all the testing sections to monitor the trade test activities of the candidates during trade test. It enables us to provide an additional facility for our clients to monitor the trade test activities via Live Video Conferencing & Interviewing Candidates from their host country.
- Waiting halls for candidates are available with all basic facilities (drinking water, washrooms, etc.)which can accommodate around 500+ candidates within the business center premises.
- We have 10 specialized air - conditioned cabins to conduct interviews equipped with Computers, Broadband Connection, Intercom, Copier Machine, Secretarial Assistance, Transportation and Catering Service for Client's.
- We have a 12,000 Sq.ft. spacious area for all categories of trade test with un - interrupted power supply.

TESTIMONIALS

"I am very pleased to see that transcend Institute is exist to help selecting the right people to the required posts. I am pleased more to see Mr. Mustaq Qureshi who was working with one of a big contractor in Saudi Arabia for construction. Finding him in this place I felt very confident. I wish success and good luck for his Institute".

Muwaffak Abdul - 18/11/1997 - Sabic Jubail, Saudi Arabia 4.

"Thank you very much for training the welders and test them. Thanks for good preparation and execution the job and very thanks to Mrs. Shahanaz Qureshi to the good help, wish you successful and good progress".

Dr. Engbassam Kondakgi - 28/3/2000 Kuwait Combined Group .Co.

The welder test carried out by myself and Sazad Ali(MED Foreman) in Chennai from 25th to 30th Nov,2013 was successfully completed. During our visit, Transcend arranged 50 – 60 welders per day for the interview. Out of 300-325 welders, we have selected 20 welders for all category, 9 welders for Inconnel.

Same time they arranged many fabricators, pipe fitters and skilled labours. That interview was conducted by Mr. Sunil (MED Sr. supervisor).

Our trip to Chennai was very comfortable as the arrangement for testing and the hospitality given by Transcend was excellent.

We would like to thank the entire team of Transcend, our ADM and our HR. Mr. Feroz for their continuous coordination and support.

Aprem B. Rodrigues - 05/12/2013, Anabeeb

A delightful visit. The whole team was very friendly and welcoming. The office tour was very useful and the presentation was insightful and engaging. My visit has been a pleasure and I've been left with a very good impression of Chennai. I hope to visit again in the future. Thank you to the whole team.

*Mark smale - 10/11/2014
